NATIONAL TRUCK PROTECTION RELEASES NEW EXPANDED COVERAGE FOR ITS MARKET LEADING PRODUCTS

Diesel Particulate Filter (DPF) and Exhaust Gas Recirculation Valve (EGR) Protection Will Now Be Offered On NTP Warranties

Cranford, NJ – [National Truck Protection Inc.](http://www.ntpwarranty.com) (NTP), North America's leading independent provider of extended service contracts (ESCs) to the trucking industry, is pleased to announce that it will now offer Diesel Particulate Filter (DPF) and Exhaust Gas Recirculation Valve (EGR) coverage on NTP Class 8 products, effective immediately.

"Our primary focus at NTP is to provide our customers with the highest quality, most comprehensive products and solutions available, so the inclusion of DPF and EGR protection into our product line is a logical extension for us," said Robert S. Amico, President of NTP. "Prior to releasing coverage for these new components, we spent significant time working with dealers and OEM's to understand how we could best serve their coverage needs. Together we tested multiple new price and coverage options and through these efforts, were able to refine and now broadly launch these enhancements."

Amico continues, "Given the growing focus on clean air technologies, covering these emissions components provides tremendous benefits to our customers. We continually provide our loyal customer base of OEMs, Fleets, Finance/Leasing Companies, Dealers and Owner Operators with the very best, well tested market leading coverage solutions that they have come to expect from us to protect their ever changing needs."

For more specifics on these optional coverage programs, please visit our website or call one of our sales reps at 1-800-950-3377.
