### **NATIONAL TRUCK PROTECTION SIGNS PARTNERSHIP AGREEMENT WITH MITSUBISHI FUSO TRUCK OF AMERICA, INC.**

#### ***MITSUBISHI FUSO to Offer NTP Warranties on Its Used Trucks***

**Cranford, NJ** – [National Truck Protection Inc.](#) (NTP), North America's leading independent provider of extended service contracts to the trucking industry, today announced that the company signed a partnership agreement with Mitsubishi Fuso Truck of America, Inc. to exclusively offer NTP extended service contracts to its customers.

"We are pleased to form this partnership with Mitsubishi Fuso and look forward to building a long lasting alliance with them. We are committed to providing their customers with the most comprehensive and trusted warranty in the marketplace," said Robert S. Amico, president of NTP. "Mitsubishi Fuso is very focused on customer satisfaction and they value the importance of the critical protection NTP warranties will afford their customers along with the 24/7/365 claims & breakdown support and access to over 3,000 repair facilities nationwide. We sincerely look forward to extending NTP's quality customer service and ironclad coverage to Mitsubishi Fuso's customers."

According to Todd Bloom, president and CEO of MFTA, "Every new FUSO work truck comes with our industry-best 5-Year / 175,000 Mile Powertrain Warranty. But we recognize that not every FUSO owner purchases a new truck. So, together with National Truck Protection, we have developed the new Diamond Mark Used Truck Warranty to reinforce our commitment to help lower the cost-of-ownership for all owners of late-model FUSO trucks. For those who purchase a pre-owned FUSO, the new Diamond Mark Used Truck Warranty program should give them peace-of-mind regarding repair costs, as well as the advantage of financial predictability as they focus on their business."
